By Andrea Carter

It’s no coincidence that there’s quite a “buzz” surrounding a breakthrough anti-aging product called Ageless Secret™. After all, at its core is energy - which is what makes the product so unique.

Chemist Jim Kaszyk and his wife, Paula, moved to the desert a few months ago and have now located the headquarters of their corporation, Kasz Enterprises, right here in the Coachella Valley.

Kaszyk, who earned a Bachelor of Science Degree in Chemistry from the University of Massachusetts and worked for such respectable organizations as the U.S. Air Force School of Aerospace Medicine, spent 15 years formulating The Ageless Secret™.

Kaszyk based his research on theories by Yale professor, Dr. Harold Saxton Burr who discovered that the true answer as to why people age lies in the body’s energy field.

“I wanted to create a product that compensated for the changes in our energy field, because it is the field that governs how the body renews and repairs itself,” said Kaszyk.

The Ageless Secret™ is made up of few ingredients - all natural - including purified water, MSM (an organic sulfur that is found in every cell of our body), aloe and trace minerals. What makes the ingredients effective together is the way they have been catalyzed - using products like Cayenne Pepper and Ho Shou Wu (a Chinese Herb).

Clients of the product are seeing results they never thought possible, which I learned first hand after interviewing two of The Ageless Secret™’s biggest fans. Kaye Moore is an expert on all things ageless, as she works at the Desert Longevity Institute, which helps people stay “younger and stronger - longer.”

“I was introduced to the product a year ago when we started carrying it at the institute,” said Moore. “An aesthetician I work with sort of rolled her eyes as I snatched up a bottle, but within two weeks, she had to get a bottle herself because she couldn’t believe the difference in my skin.”

Another cheerleader for the product, Carol Montoya-Russo says “I noticed results within 10 days of using the product. My pores started tightening and lifting. It really does give that youthful glow everyone wants. The secret is getting out - it’s not a secret anymore!”

Treatments using a far infrared lamp are also available. The infrared lamp gives the product a boost and offers better results. Cost for the product is $149.99 for a 60-day supply, and it comes with a 60-day money back guarantee. Kaszyk says he’s never had to refund anyone’s money on a 6 month program.

“We have people from all over the country that have been on automatic shipment of the product for years,” added Kaszyk. “And locally, we see more and more aestheticians carrying the product and offering treatments with the lamp. It’s really taking off.”

The product is also available at:

Desert Longevity Institute
74-075 El Paseo, Suite B2, Palm Desert
